HD

Full Media Decoding

Supports popular 3840 X 2160 HD 4K video playback of over a dozen video formats (including MP4(H264), Flash-SWF, etc.) on HD LCD or LED display screen via HDMI interface. Embedded modules allow live URL/web-content streaming, Youtube, Weather, Traffic, RSS ticker, Media-RSS, Google Apps within split/grid screen templates.

Low Power Consumption

Combined with spectacular picture quality of HD video and crystal clear sound clarity of digital audio, the Mvix Xhibit 4K comes with an extremely low operational cost. It consumes no more than 65W (compared to a standard PC consuming 300-400W min).

Model _____	Xhibit 4K Digital Signage Player
Media Storage _____	240GB Solid State Storage (w/ high MTBF), (upgrades available)
Construction _____	Metal casing and ease of use port
Chipset & Platform _____	Dual-core x86 architecture
Video Resolution _____	Supports 3840 X 2160 (Full-HD) playback
Wireless Network _____	Dual channel Wireless-N
